Light Stand×2

Using the Light Stand

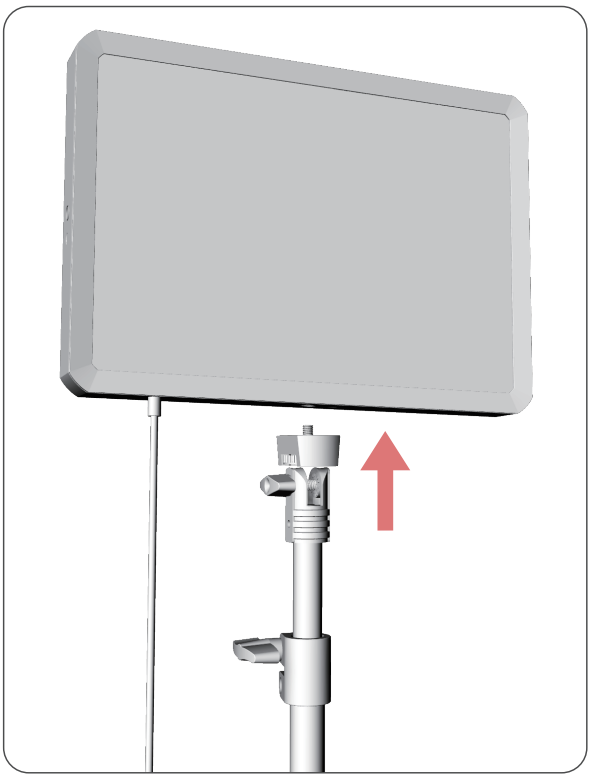

EN

① Spread the legs downward. Loosen the knobs on the telescopic center column and adjust the height. Tighten the knobs to keep the legs in the set position.

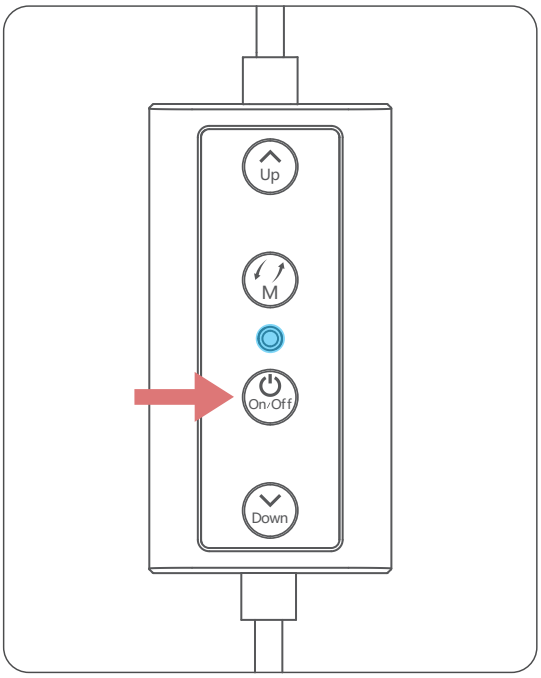

Using the Light Stand

② The base of the light is conencted to the 1/4" screw piece located on top of the light stand by turning the small thumbwheel. This should be done gently to avoid threading.

EN

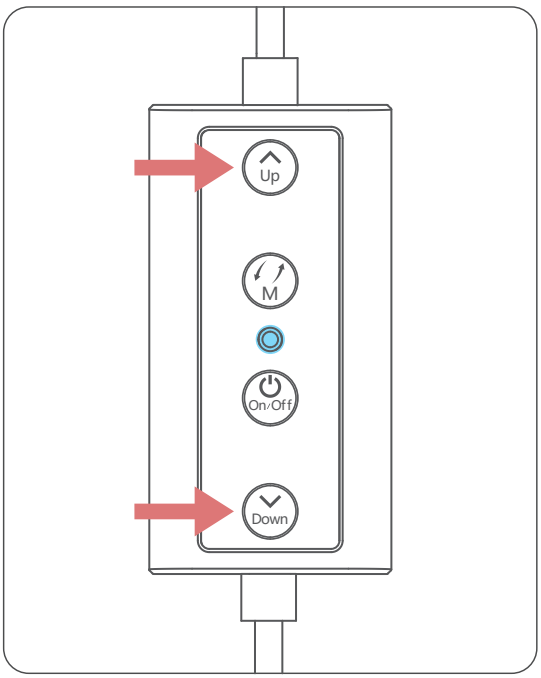

Using the LED Light

① Powering On/Off

Connect the light to a USB power adapter (5V/2A input) or other USB power source. When the blue LED indicator lights up, press the ON/OFF button to turn the light on or off.

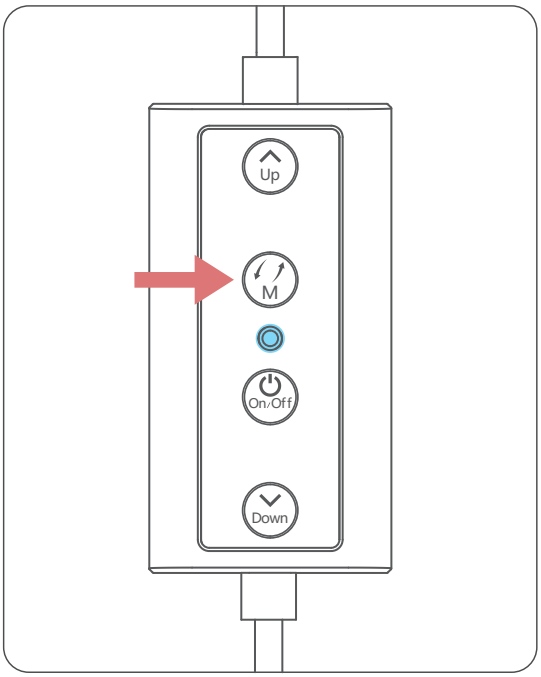

Using the LED Light

② Brightness Adjustment

When the light is on, press "Up" or "Down" buttons to adjust the brightness across 5 levels.

EN

③ Color Temperature Adjustment

Push the "M" button to cycle through 2700K/3200K/4400K/ 5600K/6500K, 5 color temperature levels.

Safety Precautions

1. Do not look directly at the light source to prevent vision impairment.
2. Do not attempt to disassemble the product and modify its circuit panel.
3. Do not touch the product with wet hands to prevent circuit damage.
4. Do not cover the product with fabric materials to ensure good heat dissipation.
5. Turn off the power after each use.
6. The product should not be exposed to the sun for long periods of time.
