① Power Button/Color Temperature Selection:
Long press the button for 1.5 seconds to turn the light on/off. When the light is on, press the button to switch between different color temperatures. When turned off, the light remembers the last selected color temperature and brightness settings.

② Brightness Up Button:
When the light's on, each press increases the brightness by one level, with a total of 5 levels available. Long press to enable stepless dimming.

③ Brightness Down Button:
Each press decreases the brightness by one level, with a total of 5 levels available. Long press to enable stepless dimming.

④Makeup Mirror

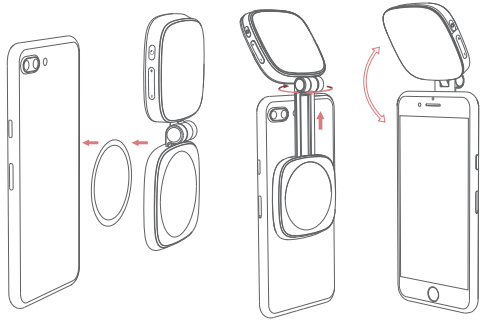

⑤ USB C Charging Port

⑥ Light Panel

⑦ Magnetic Ring

Instructions for Use

1. As shown in the figure, stick the magnetic ring onto your phone case in order to easily attach the magnetic base to your phone.
2. The connecting piece between the top light and magnetic base allows 360° rotation and extends up to 43mm.

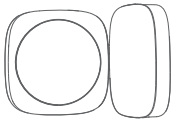

Note: The magnetic function is compatible only with specific iPhones or phones in magnetic cases. For other smartphones, please attach the magnetic ring in order to use this lighting product. The light features built-in NTC overheating protection.

EN

Instructions for Use

3. As illustrated, the light has a dual function and can be used as a makeup mirror.

Battery Use Precautions

1. Do not disassemble, modify, or repair the built-in battery. Any unauthorized modification may result in battery leakage, overheating, fire, explosion, or other hazardous incidents.

2. Do not use non-original or uncertified chargers to charge the product to prevent overcharging, short circuits, or other hazards.

3. If you notice an abnormal charging speed or flashing of the indicator, please stop using the product immediately and contact our after-sales service for assistance.

4. Do not place the product near flammable or explosive materials.

Notes

1. Do not drop the product or subject it to physical impact of any kind.

2. Please avoid looking directly at the light while using it, as it may cause damage to eyesight.

3. Do not place the product near flammable or explosive materials.

4. Do not use it in the rain or other damp environments.

5. Please turn off the product when not in use.

6. When not used for extended periods, the product should be stored in a ventilated, dry place, away from heat sources and magnetic fields.

7. Do not heat, disassemble, or puncture the device or battery, or dispose of them in fire. Avoid prolonged exposure to sunlight or excessive charging, as this may cause battery damage or melting.

Specifications

Model	NL48B
Maximum Power	2W
Built-in Battery	3.7V 850mAh 3.145Wh
LED Quantity	48
CRI	95
Input	DC 5V/2A
Color Temperature	3000K-6500K
Maximum Illumination	700lux@0.3m
Charging Time	About 150min
Runtime	About 110min
Weight	96g±5g
Folded Size	72×61×23mm
